

PRODUCT HIGHLIGHTS

SOFT COMBED COTTON

Made with combed cotton which makes for a stronger and softer yarn. The combing process also removes shorter fibers and impurities, which results in a finer, stronger and more compact cotton.

QUALITY DESIGNS

Our 100% original designs are made with 200 needle machines. The higher needle count machines make durable denser socks (not thicker) and the fine gauge allows the socks to fit better.

CRAFTED FOR COMFORT

Our socks are designed with a seamless smooth toe. Socks with seams, like the one above, cause abrasion and discomfort, especially when wearing shoes. Once your feet experience the comfort of seamless toe socks you will never want to go back.
